MRS. HARRY LAUBER
. . . new horizons

Club President Is Member of Personnel Board

of the Woman's Club of Arcadia, is a member of the Arcadia Personnel Board, the only woman to serve in that capacity. She was appointed by the City Council for a four-year term.

A fourth generation Californian, Mrs. Lauber was born and reared in Sierra Madre and is a member of the First Century Families of Los Angeles. Her husband came to Sierra Madre when he was four and they have known each other since school days. The Laubers and their son, Larry, have made their home in Arcadia for the past eight years residing at 1111 Magnolia Lane.

Mrs. Lauber was active for twelve years in the fields of electronics and engineering and was affiliated with the Wiancko Engineering Company of Pasadena, in a supervisory position.

Mother Installs

She was installed as president of the Woman's Club by her mother, Mrs. Helen Jewell Keith, of the California Past Presidents' Club, Marina District. Mrs. Lauber says of her mother "she is the guiding influence in my life."

Her great grandmother came across the country to California in a covered wagon with the Kit Carson party and the adventurous tales of the trip have been handed down. Her great grandfather was the only living son of a Revolutionary War soldier and his picture hangs in the library in Los Angeles, of the early settlers.

The new president is filled with enthusiasm for the year ahead and has chosen as her theme "Let Us Climb to New Horizons." This year, the General Federation of Women's Clubs (GFWC) is celebrating its Diamond Jubilee, the 75th year since it was founded by Mrs. James Cunningham Croley, a newspaper woman, who became indignant when women were not allowed to attend a dinner given in New York in 1890 to honor Charles Dickens. She was determined to organize a club for "women only."

Jubilee Year

Mrs. Lauber has planned an exciting and stimulating year geared to the Diamond Jubilee theme.

"Each new president takes office filled with lofty thoughts" Mrs. Lauber stated, "and I am no exception to the rule. I feel that it is a challenge to a president and to club officers to attract fine women to the club and, then it is our responsibility to keep them interested and to make good clubwomen of them."

Mrs. Lauber feels that workshops in parlimentary law will be a medium for members to become cognizant of the real significance of what being a clubwomen means, and to become informed of the many facets of life at all levels.

"We all need challenges to stimulate thinking and I will strive for leadership development in the club."

Proposed Amendment Supported by Club

Mrs. Harry Lauber, president of the Woman's Club of Arcadia, brought information before the membership at a recent meeting on the proposed Decency Amendment of County Supervisor Warren M. Dorn. She read a letter from Supervisor Dorn in which he asked for the support of California clubwomen in obtaining the 500,000 signatures required to place the non-partisan amendment on the 1966 state-wide ballot.

This petition would put the proposed amendment on the state constitution to restore to the local agencies, the cities and counties, their historic right to enact and enforce local regulations to control sex crimes.

Mrs. Lauber read, in part, a letter from CFWC state president, Mrs. Edwin Bryant, who urged her fellow clubwomen to support Supervisor Dorn.

Mrs. Bryant said "you may recall the infamous Carol Lane prostitution decision in 1961 when the State Supreme Court ruled that the state had pre-empted local law enforcement in the regulation of prostitution and other sex crimes.

"Mr. Dorn is confident that a successful drive for signatures on this Decency Amendment will accomplish one of two desirable ends; either the Legislature will react to this massive expression of the people by enacting corrective measures, or the people will overwhelmingly vote the necessary correction in the form of the Constitutional Amendment at the 1966 election.

"The help of all good citizens is needed. Write or call Californians for Decency, Volunteer Headquarters, Suite 704, 417 South Hill Street, Los Angeles."

Mrs. Lauber stated that a petition was circulated and filled at the club meeting.

Arcadia Woman's Club Honors Past Presidents in Lovely Oriental Setting

The Woman's Club of Arcadia paid honor to its past presidents at a luncheon meeting on Jan. 19, in a clubhouse that had been transformed into a beautiful Chinese tea house.

The magician who performed the transformation was Mrs. William DeMuth, chairman of the day. Because of unexpected illness she directed operations from her sick bed. Mrs. DeMuth is a collector of oriental art and many of the articles at the clubhouse were heirlooms, belonging originally to her grandmother.

Guests and members "were in the mood" from the time they entered the clubhouse through the pagoda-effect entrance into the beautiful foyer. The brass articles were all heairlooms and an authentic miniature bridge (from Japan) was outlined in the fireplace along with dainty figurines. Four framed silk screens hung above the fireplace and two antiques were on the mantel.

The dining room walls were highlighted with long silk screens and four paintings of Chinese landscapes. The stage held a budda and hanging lamps; a brass water jug from Korea, filled with blue chrysanthemums, and a statue of the goddess of charity and kindness, were on the piano.

Past Presidents

The past presidents table was set with Blue Willow china from the collection of Mrs. Charles Legg, who assisted her mother, Mrs. DeMuth, with the decorations and the delicious Chinese menu for the luncheon. Handmade dolls were placed at the table and each past president was presented with one as a gift. Mrs. E. J. Verhoef made the dolls. Mrs. Legg presented each member with bamboo chopsticks as a memento of the day. Mmes. Merle Clark, Eugene Rothenberger and Edward Verhoef made a lovely corsage for past presidents.

Others assisting Mrs. DeMuth were Mrs. Fred Danks, Mrs. Loyce Mitchell, Mrs. Howard Mitchell and Mrs. Rhea Quarles, another daughter. Mmes. DeMuth and Legg were given a standing ovation for the outstanding decorations.

Mrs. Harry Lauber, club president, graciously welcomed the large attendance and introduced the guests of honor seated at the head table. These included Mmes. Charles Stewart, Harry Russell, Ray Allen Young, Wallace Dressler, Charles Ganther, Bruce McAbery, Danel Slattery, Archie Wilson, William Gibbs, Ernest Fuerst, William Orr and Michael Erickson.

Leadership

Mrs. Lauber, in thanking the past presidents for their leadership, said, "The past presidents are truly the heart of the club. You ladies have inspired us all through the year. It has been an honor and privilege to work with women of your calibre.

During the business meeting, the membership voted to go on record as endorsing the city of Arcadia's sidewalk project. A motion was also carried to endorse Mrs. Frank Walker for the Verdugo District financial secretary.

Mrs. Robert Smiley, program chairman, introduced Anita Ann, television personality, who included both classical and popular music in her program.

Diamond Jubilee Celebrated By Federated Women's Clubs

SIGNING PROCLAMATION OF FEDERATED WOMEN'S CLUBS DIAMOND JUBILEE . . . Mayor Conrad T. Reibold and Mrs. Harry Lauber, Woman's Club president.

Conrad T. Reibold, Mayor of Arcadia, signed a proclamation naming today, Thursday, March 3, as the General Federation of Women's Clubs Diamond Jubilee Day. This is in honor of the largest national and international organization of women in the world which is celebrating 75 years of service and achievement.

The mayor's proclamation read in part "Whereas, the Woman's Club of Arcadia has made contributions over the years to civic and cultural development of the City of Arcadia"

The constitution of the General Federation was ratified April 24, 1890, and on March 3, 1901, President McKinley signed the federal charter of the federation.

The Woman's Club of Arcadia was organized in 1914, incorporated in 1930, federated with state and district in 1920 and federated with General Federation in 1924.

History

The GFWC this year looks back over 75 years to trace some of the beginnings. They reach far into the 19th Century. And the end of the beginnings is nowhere in sight as women of the 20th Century see new needs.

Today's woman has pushed out the four walls of home to embrace city, town, state and country where her family lives. Through her club, she extends her good housekeeping to her larger environment. It may have started as a cultural group or a sewing circle, but it has become an instrument for social action with worthwhile implications.

Women's clubs are indigenous to the United States. The movement started in the Midwest. It grew out of the needs of cultured women who had made the tired, hazardous trek with their husbands from the security of the settled East to the uncertainties of the new West. They knew they must not only build homes but also a cultural environment for themselves and their families.

What the women have accomplished stands as a practical tribute [illegible] them in every community.

—United States Congress

established the Department of Health, Education and Welfare in 1953, it caught up with the women's thinking in the early 1900's.

In 1908, the federation [illegible] gress "to establish a [illegible]

of education whose head shall be a cabinet officer." In 1910 it asked the same status for health.

The federation has been credited with a major share in the passage of legislation establishing a Pure Food Bureau in 1907 (now the Food and Drug Administration), the Children's Bureau in 1912 and the Women's Bureau in 1920.

The juvenile court was first established in Illinois in 1899, thanks to the Chicago Woman's Club. A member of the federation, this club was responsible for the drafting and passage of the firt juvenile court law. In 60 years this has spread to every state in the Union and to every civilized country in the world.

Since 1926, the clubwomen have worked to erase illiteracy. New impetus was given to this program in 1962 when the federation, with the help of the United States Office of Education, published a teaching manual, Clubwomen [illegible] 7,700 states in 42 states have used this to teach adults.

Since 1954, clubs of the federation have been working to combat the evil influences of comic books dealing with crime, sex and horror. Through their efforts between 1954 and 1958 38 states have passed legislation, and hundreds of towns and cities passed ordinances banning the sale of such books.

The federation was credited by Gen. George C. Marshall with making a valuable contribution to support the North Atlantic defense pact and has continued to support NATO. Its legislative policy is determined by the resolutions it adopts at its national conventions.

Perhaps no activities have better illustrated the ingenuity and resourcefulness of the clubwomen than those of its Community Improvement Program. Under this, clubs in action on the local level have improved their own communities where improvement was most needed, involving the whole community in the effort.
